DEDICATED ESPECIALLY TO YOU . . .

Mr. Markey,

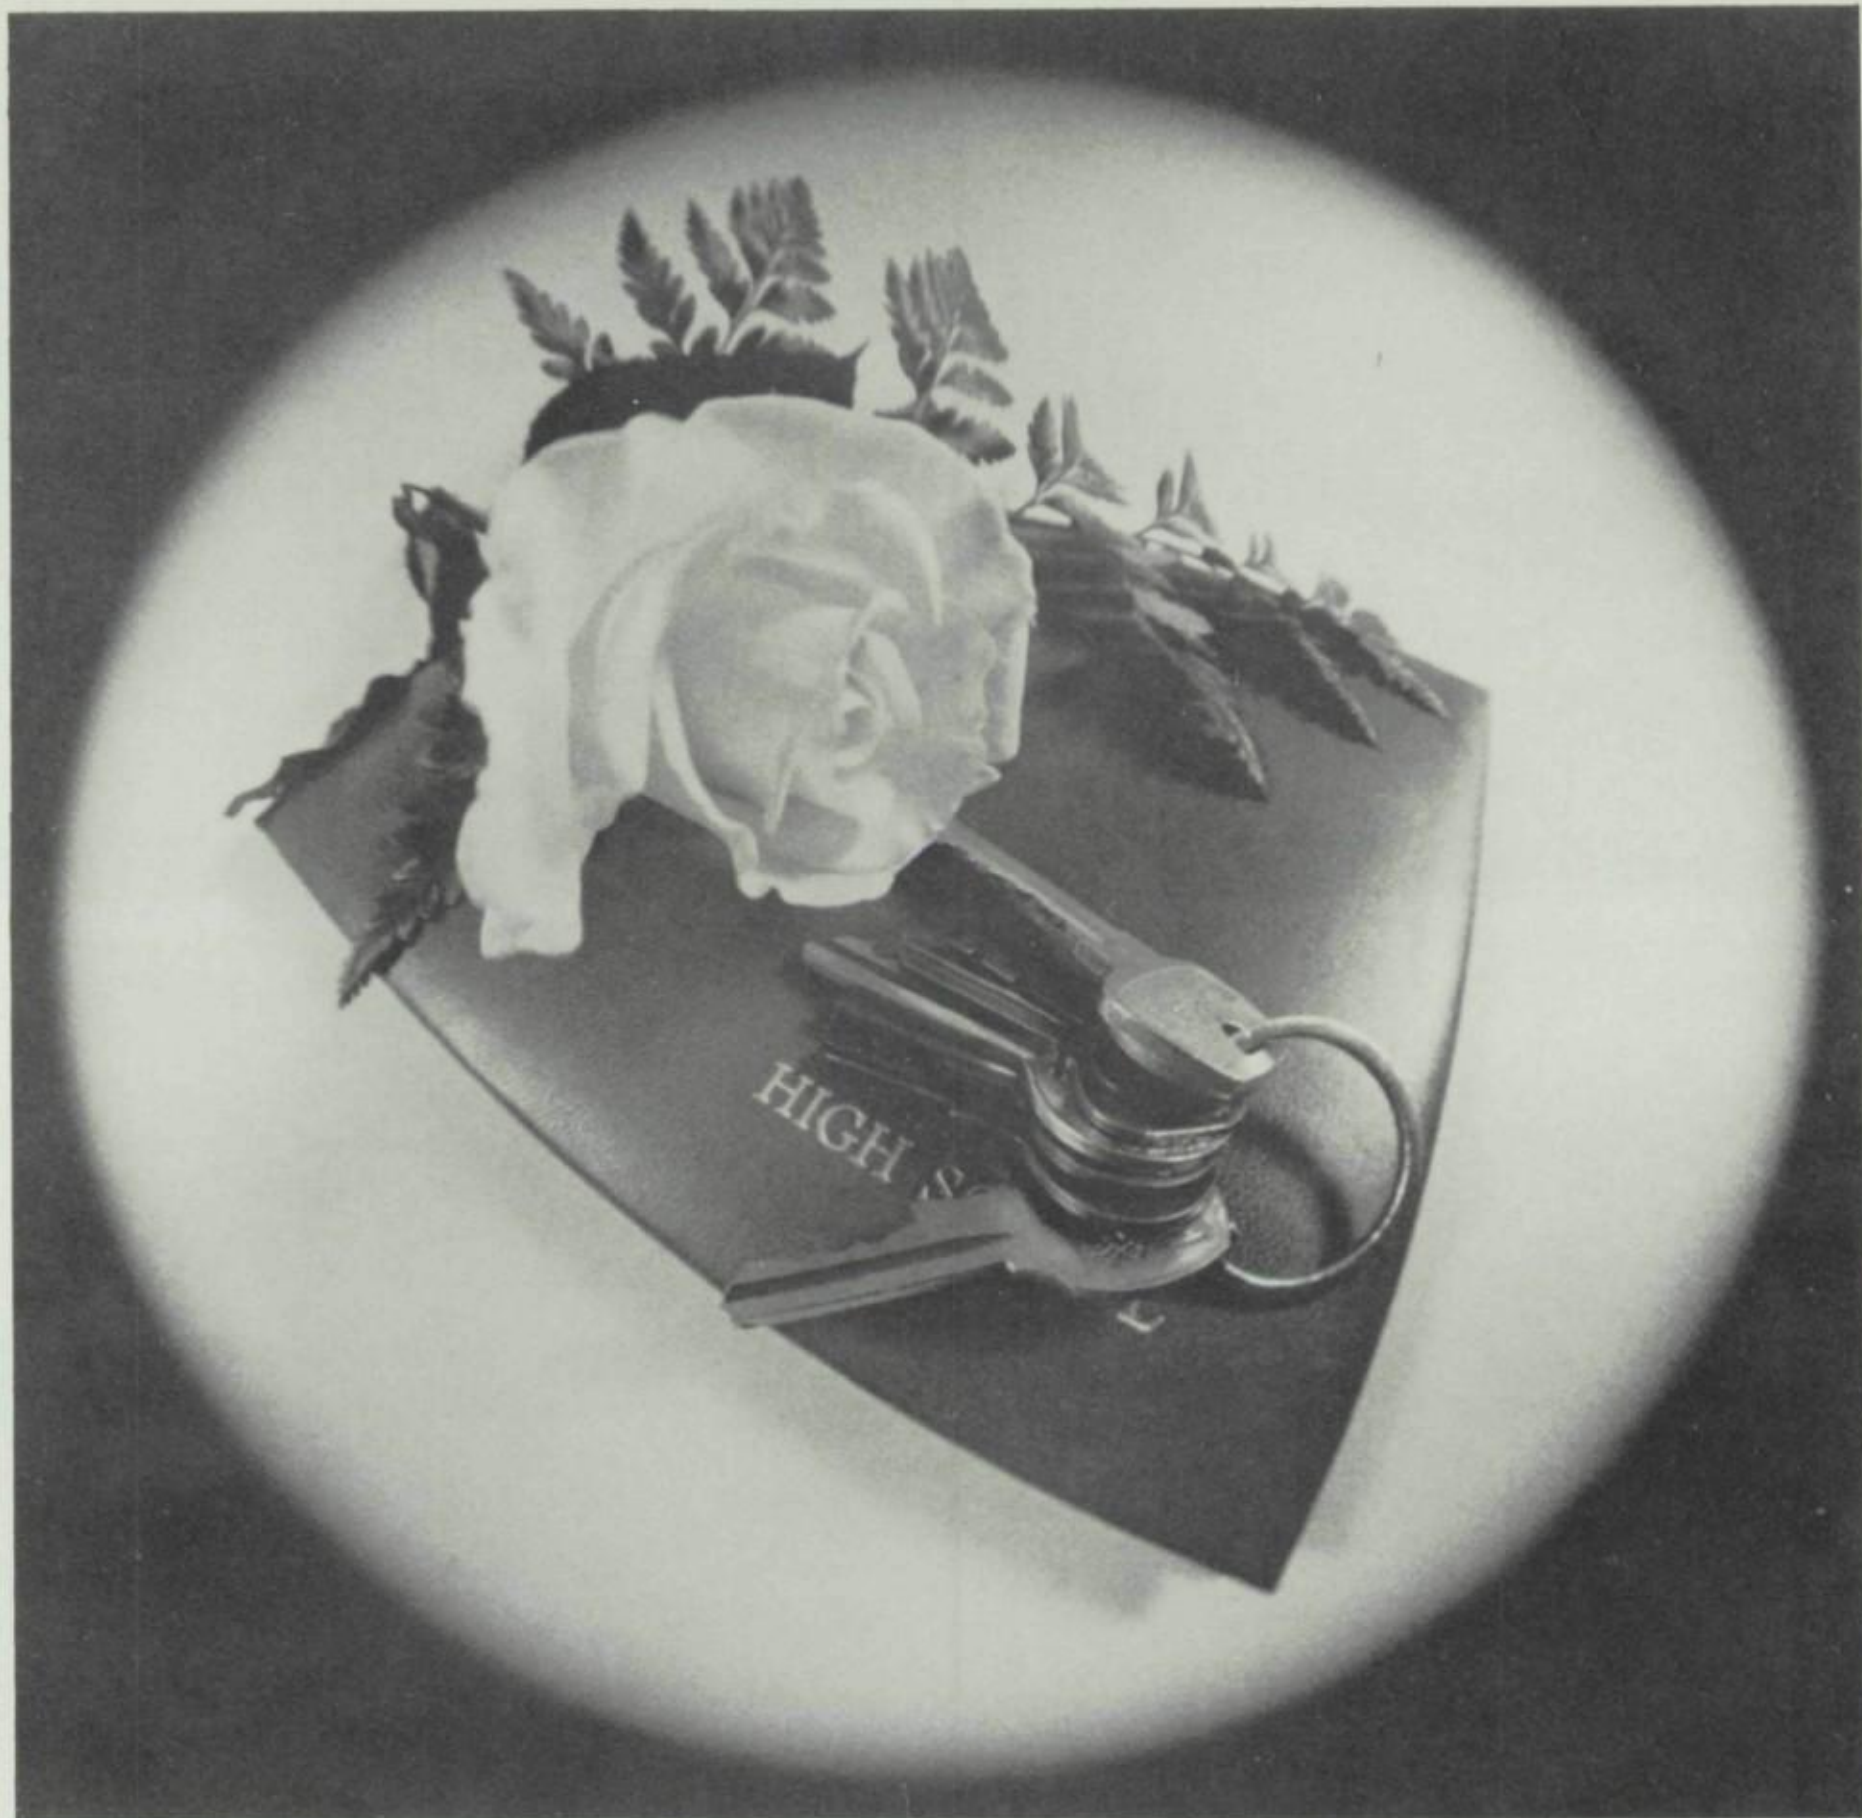

Your first year here was also ours and since then you've given us so many memories. In our hearts you play an important role, not only as a teacher, but also as a friend. We'll always remember your Irish parties and the cute way you always turned red.

Since the beginning you've given so much of your time to us. At the games you'd be there cheering us on. At the dances you were "The Disco King". And after all these you'd have your car full of people who needed a ride home. When it was time to order our Junior Rings and Senior Sweaters, if we were short of money, you became the bank. We'll always remember all the devotion and time you gave to us because you're someone who has been there to guide us and wipe away the endless tears we sometimes had. You'd bail us out of our "Senior-itis" moments and remind us of the crazy things we've done. You always made us feel like special people, because right when we most needed someone, you'd be there with words of encouragement.

For all these precious memories, we love you and thank you. We'll keep you always in our hearts because you've given a big part of yourself to all of us. You've given us your friendship, which is so very special.

With love, we dedicate this yearbook to you.

 wither then? I cannot say.

GOOD TIMES

I'm thinking about the good times
We shared together
Whenever I think of you
Something goes through my mind
(through my mind)
My heart starts churning
I wanna see you again.

I'm thinking about the good times
nothing but the good times,
I'm thinking about the good times
we shared together.
Oh like holding hands
Remember how we made our plans,
We use to dream on a star
How did we get like we are?

I'm thinking about the good times
nothing but the good times,
I'm thinking about the good times
we shared together.

TO THE FACULTY:

We the students, would like to sincerely thank you for everything you've done for us this past year.

You've been an important part of our lives and have contributed to the development of our personalities.

You have helped us to become the people we are today . . . We will always remember you and keep you in our hearts, especially those of you who will be leaving and will no longer be close to us.

Each and everyone of you has left an impression on us all, because you are all truly unique and one-of-a-kind people. So each time you think of Loretto, think of LOVE. Because that's what Loretto means to us, and you are a big part of Loretto.

Wishing you much happiness,
The Associated Student Body

I never met a very special person like you, Mija, I hope my dream comes true and that you share it with me.

For all the tears we've gone through and by the great love I feel for you, I will make up for those times, by giving you days & years full of happiness.

Mijo (Mijo),

I'm the same person I was before and yet because of your presence in my life I am different. You've become a big part of me.

You are more than just a boyfriend, who's showed me how meaningful a true relationship can be between two people who really love each other. You've been my clown, when I was down.

And for all these reasons and many more, I love you.

May all of life's pleasures
Come your way too.

Always in your mind ...

Querida hija:

Nos da una gran alegria alverte ya realizando
parte de tus muchos suenos, ya veras que lo de-
mas va a ser mas facil, por que tus gases son
firmes, y las cualidades con que Dios te dotado
son mas que suficientes para lograr tu mas caro
anhelo.

Y siquiers ver el final cumplido ve en tu vida
con calma por que para caminar distancias llega
primero laque calmar el paso.

Resa y perdona, ya que siempre despues de la
oracion viene laimtera calma, por que la que sabe
perdonar la ofensa, sabe llevar a Dios dentro
del alma.

Como herencia te dejo estos consejos, recuer-
dalos con Ternura, en cada pensamiento, en cada
paso trata de buscar a Dios tras de la lainmensa

 HAPPY MAN

cindy,
 now the time is ours
 where the chains have been torn
 by our courage that was born to our love
 that wants to be free;
 a time when dreams so long
 denied can flourish
 as we unveil the one dream we both could
 not hide any longer
 a time for us at last to see a life worth
 while for you and me
 and with our love through tears and thorns
 we will endure as we pass surely through
 every storm.
 a time for us to stop and realize we hold
 the world in our hearts.
 a world of shining hope for you and me
 to become one.
 a time for us ...
 p.s. the secret of love is opening up your
 heart. the day I met you, I found the
 secret of love and life, because you
 are my happiness.
 p.s.s. I love you just me
